

Bradley Academy Student/School/Parent and Family Compact 2022-2023

What is a Compact?

A compact is an agreement that parents and families, students and teachers develop together. It explains how parents and families and students and teachers will work together and their responsibilities to make sure all students are reaching academic success.

Jointly Developed

The parents and families, students and teachers of Bradley Academy developed this compact. Teachers suggested home learning strategies, parents and families added ideas to make them more specific and students told us what would help them learn. Meetings and events are held each year to review the compact, make changes if necessary, and approve the compact.

Building Partnerships

August 4th **Open House** (4:00-6:00) - This is an opportunity to meet your child's teacher and visit their classroom.

August-September **Listening Series & Annual Fall Meeting** -

Families please join us on a date/location that meets your needs as we share Title I information, what it means to be a Title I School, and specific data about our school. We want you to share your voice! 8/17 6:00 First Baptist Church 8/22 4:30 Virtual Session 8/25 6:00 Patterson Park 8/30 5:00 Bradley Academy 9/7 5:30 Bradley Academy Spanish Session

September 22nd (5:00-7:00) **Sports Jam Literacy & Math Night** – Join us as we compete to improve our math and literacy skills.

October 26th (4:30-6:30) **Celebrating Latin American Heritage** - Join us as we highlight Latin American culture and traditions through music, art, song, and food.

April 20th (5:00-7:00) **Spring Literacy & Math Festival** - Join us for a night of family fun and learn exciting ways to work with your child.

*** We offer many other parent and family events here at Bradley Academy. Be on the lookout for more information about these events!

Communication About Student Learning:

Bradley Academy is committed to frequent two-way communication with parents and families about student learning. Some of the ways you can expect us to reach out to you are:

- *Class Dojo
- *Twitter
- *Facebook
- *Class newsletters
- *Teacher notes or phone calls
- *Parent-Teacher conferences
- *School Messenger

Do you have questions about your student's progress?

Contact your student's teacher by phone (615-895-2672) or email to request a conference or more information about your student.

Bradley Academy Goals for Student Achievement

District Goals

Increased Academic Achievement and Growth: Reading/Language Arts

Increased Academic Achievement and Growth: Mathematics

Increased Academic Achievement and Growth: Science

Recruit, retain and train highly effective and culturally competent educators and employees to maximize student outcomes

Address and support the needs of the whole child to decrease the achievement gap

School Goals

*BA will improve inclusivity for all stakeholders

*BA will increase academic growth and achievement

*BA will meet students' social-emotional needs

*BA will increase average daily attendance and decrease Chronic Absenteeism rate

*BA will improve staff morale and retention

Teachers, families, students – Together for Success

At School

- Offer a Family Game Night to provide parents, families, and students the opportunity to apply math skills while playing fun & engaging games.
- Offer a Family Literacy Night to provide Bradley Academy Families a night of enjoyable & interesting texts along with activities to promote a love of reading.

At Home

- Help with my student's academic success by establishing a time and a place to support learning at home.
- Have conversations with my student about their classwork and what they are learning to ensure their understanding.
- Have students work on recommended websites to learn new math and ELA strategies such as i-Ready math and i-Ready reading.
- Attend conferences to learn what my student is being taught in class.

Students

- Read every night for at least 20 minutes.
- Use websites such as i-Ready reading and i-Ready math to complete practice assignments and activities for at least 45 minutes each week.
- Complete assignments with my parents or family and mark the math problems and ELA questions that I do not understand.
- Use strategies I have learned to check my understanding of the text or math problems.
